## PROFILE

I am a creative designer with a decade of experience specializing in UI/UX design, interaction design, cross-platform mobile and desktop apps, and illustration. My unique strength lies in bridging the gap between design and the front and back end of UI development.

My solid grasp of business principles enables me to translate business objectives seamlessly into user experiences. I am dedicated to creating usable, functional, and visually appealing interfaces, and my passion for design fuels my commitment to excellence, motivating and inspiring my team.
